

# Esthetic Dental Services

Crowns, Invisalign, Implants, Teeth Whitening and Veneers are some examples of offered esthetic and cosmetic dental services. Request a consultation to learn about this special line of care offered to our patients.

**Dr. Howe has been an invisalign provider for 15 years. New invisalign aligners can straighten teeth in just a few months.**

**Dental implants can improve your appearance and chewing ability.**

**Sometimes cosmetic services are not covered by traditional dental insurance. Our team can provide you with an estimated cost of any service, prior to treatment.**
